

Code Compliance Procedures

As the South Florida community recovers from the aftermath of Hurricane Wilma, residents are once again encouraged to remove hurricane shutters or boards from their windows and doors. Shutters and boards can serve as an access/escape impediment. In an emergency situation, residents need to be able to exit their homes

quickly. Rescue personnel must also be able to gain entry to a home to provide immediate victim assistance.

A CITIZENS' ADVISORY

Please be advised that the Florida Department of Transportation will commence a **Drainage Improvement Project** along Collins Avenue, between 93rd and

94th streets. The work includes installing drainage pipes and structures in the roadway and will require closing one northbound travel lane. There is also some project-related work on the adjacent drop curb and sidewalk along the west side of the road.

The work is tentatively scheduled to begin sometime in November. The exact duration of the work is not expected to exceed one month, but this could change depending on weather and other unanticipated circumstances.

FROM THE MAYOR'S CORNER

Dear Surfsiders,

As the holiday season approaches, the Town of Surfside finds itself at an exciting juncture in its community development. Before the end of this year, residents will see work commence on a variety of **capital improvement initiatives**. These will include new water lines and an updated sewer system. The completion of these infrastructure projects is critical. We must restore the integrity of our water and sewer systems. By altering the pattern of our storm water drainage we will satisfy the time sensitive mandate given to the Town by the EPA which requires us to cease directing rain water and all accompanying effluent into Biscayne Bay.

The Town Commission has also responded to the pressing need to review and amend certain **landscaping sections** contained in the Surfside Code of Ordinance. The Town Commission is pleased to report that the Town Attorney is currently drafting an ordinance which should be ready for First Reading at the

November 8th Commission meeting. Home sizes and neighborhood compatibility is the next section to be analyzed. A **series of Public Workshops** will soon be scheduled to glean feedback from Surfside residents regarding this issue.

Plans to upgrade the **Beach Walking Path** are also moving forward. A **Public Workshop** is scheduled for Tuesday, November 15 at 6:00 p.m., at Town Hall, in the 2nd Floor Commission Chambers. There are many aspects to consider here. What type of walking path do Surfsiders want? Will the path accommodate joggers, people with baby strollers, cyclists? What type of surface should it be? Do we want to consider evening usage and incorporate sea turtle-friendly lighting? The Town Commission encourages your input.

Renovation plans for the Surfside Community Center, Aquatic Facility and Library are also proceeding. The Administration awaits the arrival of several trailers to temporarily house

displaced staff and equipment. The Parks and Recreation Department assures the Town Commission and residents that they will make supreme

Veterans' Day Ceremonies

Friday, November 11, 2005 – 10:30 a.m. – Veterans' Park, 8791 Collins Avenue

The Town of Surfside will be hosting a Veterans' Day Ceremony. The event will include Presentation of Colors, local Boy and Girl Scout troops, as well as special guests. Light Refreshments will be served.

SURFSIDE COMMISSION HIGHLIGHTS

1. TOWN MANAGER'S REPORT:

The Town Manager announced that on September 23, 2005 a settlement agreement was entered into between the Town and DeGrave, et. al.

Regarding the Landscape Architects, the Town Manager reported he would make a recommendation to the Town Commission at the November Commission Meeting following presentations from the two firms that submitted qualifications.

The Town Manager announced that the cable broadcasting of the Town Meetings should begin in late December or early January. The Town will be purchasing the necessary equipment with the \$20,000 received as part of the franchise agreement with the cable company.

A Request for Qualifications for the Community Center Renovation and Expansion has been advertised. The Town will be accepting qualifications from architectural firms to provide services for the complete renovation of the existing building, an addition to house the municipal library, a new or renovated pool, and other related recreational facilities. The deadline for submitting qualifications is 4:30 p.m., Wednesday, October 26, 2005. The Town Manager noted that trailers to house the Library, the Tourist Board and the Recreation Department have been ordered. Due to the recent storms, the demand is high with the anticipated delivery of the trailers to be within the

next three months.

The Town Commission voted on the following:

RESOLUTIONS:

2. A Resolution of the Town of Surfside, Florida objecting to moving the Urban Development Boundary Line (UDB); urging the Miami-Dade County Board of County Commissioners to "hold the line" and fund solutions to improve the quality of life within the UDB; and providing an effective date. VOTE: UNANIMOUS

3. A Resolution of the Town of Surfside, Florida, adopted pursuant to section 2-11.39.2 of the Code of Miami-Dade County, Florida, exempting the Town's Education Committee and the Town's Parks and Recreation Committee from the application of the Miami-Dade County Conflict of Interest and Code of Ethics Ordinance; and providing an effective date. VOTE: UNANIMOUS

The Town Commission discussed the following:

Community Center Project: The Town Commission considered a motion to rescind the vote taken at the Special Town Commission Meeting of September 28, 2005 regarding renovation of the Community Center. THE MOTION FAILED 2 – 3 ON A ROLL CALL VOTE.

Landscape Ordinance: Town Planner, Jack Luft presented the Landscape Code to the Town Commission. He noted that

input from public workshops and hearings before the Planning and Zoning Board yielded the document under consideration. Following discussion, the Town Commission directed the Town Attorney to draft an Ordinance. It is anticipated that the Ordinance will be before the Town Commission for First Reading at the November 8, 2005 Town Commission Meeting.

Hurricane Donations: The Town Commission discussed conducting a fundraiser for hurricane victims, and to this end, they considered the possibility of holding a Rummage Sale in the business district. They directed the Town Manager to bring the idea to the merchants for discussion.

Due to Hurricane Wilma, the printing of the November Gazette was delayed. The Town of Surfside strives to deliver this publication prior to the date of the monthly Commission Meetings. We apologize if you received this issue after this month's meeting.

LIVING IN A FLOOD HAZARD AREA

LOCAL FLOOD HAZARD - The Town of Surfside has attained a "Class 8" Classification in the Community Rating System (CRS) for establishing flood prevention activities and the continued management of the flood prevention system. Residents may now be entitled to a 10% discount in their flood insurance premiums and 10% discount in subsequent years that the Town maintains participation in the CRS program. The following information is provided to suggest actions, which residents living in a flood hazard area may take to minimize potential flood damage.

FLOOD WARNING SYSTEM - Any substantial flood experienced by Surfside residents will likely come from a hurricane or tropical storm. Since Surfside is on a barrier island, any storm surge is likely to flood coastal, as well as interior properties. Because of this, you should heed all hurricane and tropical storm warnings. These warnings will be broadcast through local television and radio stations, such as WFOR-Channel 4, WTVJ-Channel 6, WSVN-Channel 7, and WPLG-Channel 10, or on radio on WQAM-AM 560 or WIOD-AM 610.

FLOOD SAFETY/ PROPERTY PROTECTION - If an evacuation is ordered, you should proceed to rapidly evacuate to a point of safety, such as a County shelter or other prearranged site. Remember that pets are not allowed in public shelters, so special arrangements should be made for them. People with special needs, who are disabled, or under a doctor's care, can register for special assistance with the Miami-Dade County Office of Emergency Management by calling (305) 513-7700. Before you evacuate, there are a number of flood safety precautions to follow. Know appropriate escape routes, turn off your electricity and gas, and close all your windows, doors, and shutters. If you have time, you can move valuables and furniture to elevated areas that are less prone to water damage. Prepare emergency supplies of food, water, medicines, and other personal essentials to have readily available upon evacuation.

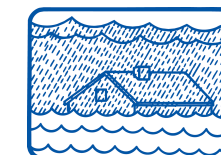

FLOOD INSURANCE - In preparation for the hurricane season, you should check that your flood insurance coverage is in effect. Remember that flood damage is not covered by homeowners' normal insurance. For most people, their home and its contents represent their greatest investment. Protect your property by obtaining flood insurance if you have not already done so. Flood insurance through the National Flood Insurance Program is available and information can be obtained by contacting any licensed property or casualty broker. Also remember that there is normally a 30 day waiting period for the flood insurance to take effect, so do not wait until there is a storm warning to talk to your insurance agent.

DRAINAGE MAINTENANCE - Another way that the Town of Surfside minimizes flood damage is by maintaining its storm drainage system. Please be reminded that it is illegal to dispose debris or yard cuttings into the storm drainage system. The storm drainage system on A1A and 96th Street, installed by the State of Florida, helps to minimize flood damage. Effective maintenance by our Public Works Department, combined with the State of Florida storm drainage system, should minimize potential flood damage.

LOCAL FLOOD HAZARD MAP / PERMIT REQUIREMENTS - Flood damage may be minimized by new buildings and additions adhering to the current Base Flood Elevations (BFE). In most cases in Surfside, it is 8.0 feet NGVD. However, it is advisable to obtain a written flood map determination from the Town's Building Official showing the Base Flood Elevation required for your proposed construction, according to the exact location. Should you require the latest edition of the Elevation Certificate Form for your Surveyor's use, it is available at the Town Building and Zoning Department. All construction, including repair work and additions in excess of \$250.00 in value, must obtain a Municipal Building Permit. Residents are encouraged to contact the Building and Zoning Department to eliminate confusion as to pertinent codes and regulations to facilitate your permit process.

SUBSTANTIAL IMPROVEMENT REQUIREMENTS - The "Substantial Improvement" Rule applies to all work done to an existing structure, including additions, during the preceding 5 years. If the total dollar value of this work exceeds 50% of the market value of your structure (not including the value of the land), then your entire structure will be required to be raised to base flood elevation or, if it is a commercial structure, it will be required to be flood-proofed. The Federal Government requires the Town of Surfside to have an ordinance enforcing this Rule through the Building and Zoning Department. Failure by the Town of Surfside to effectively enforce the Substantial Improvement Rule may result in the virtual unavailability of flood insurance for the Town.

Further information on all of these subjects is available at the Surf-Bal-Bay Library in the Reference Section, located at 9301 Collins Avenue, Surfside, Florida (305-865-2409). The Librarian can direct you to the Floodplain Management Section. Written flood map determinations are available through the Town of Surfside Building and Zoning Department, located at 9293 Harding Avenue, Surfside, Florida (305-861-4863).

SURFSIDE REACHES AN AGREEMENT WITH THE POLICE UNION

The Town of Surfside is pleased to announce it has reached an agreement with the membership of the Surfside

Fraternal Order of Police (FOP). The new contract was approved by the Town Commission on Wednesday, September

28, 2005, at a Special Town Commission meeting.

The official signing ceremony was held on Thursday, October 20, 2005 at 4:00 p.m., in the 2nd floor Commission Chambers of Town Hall, 9293 Harding Avenue. Attending the event were legal professionals, Town Commissioners, Surfside Police Department officials and members, Administrative staff, and area residents.

This is a proud moment for the Town and the outstanding officers who comprise the Surfside Police Department. Town Manager, Jeff Smolansky says, "The approval of this latest contract firmly establishes the Surfside Police organization as an attractive, professionally competitive workplace." Deputy Chief, Shawn P. O'Reilly adds, "The recently negotiated labor agreement will enable the department to recruit the highest caliber of law enforcement personnel. Putting the right people in place is paramount to the long-term successes, goals and objectives of the Surfside Police Department."

Surfside Officials, Administration, Police and Labor representatives share this proud moment. (STANDING): Town Commissioner **Steven Levine** (L); Surfside Police Deputy Chief, **Shawn P. O'Reilly** (C), and Town Commissioner **Orestes Jimenez** (R) (SEATED) Town of Surfside Special Labor Counsel, **James E. Baker** (L); Town Manager, **Jeff Smolansky** (C), and Fraternal Order of Police Staff Representative, **John E. Puleo**.

Representatives from the Surfside Police Department at the Contract Signing ceremonies. (from L – R): Detective **Tony Mesa**, Sergeant **Loxley Arch**, Detective **Tammy Pedre**, Traffic Unit Motor Officer **Orlando Laso**, Deputy Chief **Shawn P. O'Reilly**, and Lieutenant **Rolando Baldomero**.

efforts to limit programming disruptions, and will continue to offer an appealing array of classes throughout the renovation.

In other matters, the Town Commission also wishes to thank everyone who took the time to share their opinions and suggestions concerning the **traffic calming devices**, as this issue is considered.

Clearly, our community is thriving and growing. Through careful planning and budgeting, we shall successfully tackle our infrastructure and environmental challenges, and we will be equally responsive to the recreational and cultural demands of our diverse population.

I, Vice Mayor Frank MacBride, and Commissioners Ruben Coto, Steven Levine and Orestes Jimenez continue to work proudly on your behalf. We

extend our warmest wishes to you and your loved ones for a Happy Thanksgiving!

SURFSIDE WORKS TOGETHER IN THE AFTERMATH OF WILMA

As we recover from the devastating impact Hurricane Wilma left upon our region, the Surfside community should be proud of the way they pulled together to brave the ravages of the storm. Kudos are extended to all the residents who assisted each other before, during and after Wilma hit. Whether it was putting up or taking down shutters, offering food or the use of a cell phone, providing shelter, sweeping a doorway, cleaning up debris, securing a roof, sharing a hug or lending an ear – **SURFSIDERS WERE THERE FOR ONE ANOTHER!**

Without power, phones, Internet or cable, we worked in tandem; perhaps, not without some understandable tension or not without some turmoil, yet

our Surfside families and friends remained strong and united.

The members of the Surfside Police Department are to be commended for their outstanding service to our community, especially from Wilma's first warning to her aftermath. These incredible men and women leave their families and homes behind, to dedicate themselves to keeping our community safe. They secure our streets, offer care to our special needs residents, and provide assistance to everyone. While Town Hall served as a distribution center for water, food and ice, our Surfside Police Officers also teamed up with our Mayor, Vice-Mayor and Town Commissioners to deliver water and ice **door to door!**

The community of Surfside extends our deepest gratitude to each and every member of the Surfside Police Department!

SURFSIDE POLICE INTRODUCES FUTURISTIC "SEGWAY" VEHICLE

Thanks to a donation from the office of Miami-Dade Commissioner, Sally Heyman, local police officers will soon be "gliding" along Surfside streets on a new patrol vehicle. The "Segway" is an upright, motorized scooter which can be operated on sidewalks, streets and even the beach! Surfside Police Lieutenant

Manuel Crawford says, "this vehicle lends itself to a variety of patrol tactics because it is quiet and easily maneuverable. Additionally, the Segway is environmentally friendly and will serve as a great community policing tool."
